

Dear parents,

The babysitting platform of the Red Cross Graubünden aims to connect parents with babysitters. Before using the search engine, both parties have to sign up on the platform.

The placement then runs automatically over the platform via mail, which ensures the safety and anonymity of the babysitters. In general, we do not place babysitters on temporary assignments, but emphasize the importance of a thorough introduction: during the babysitting course, we recommend that an initial meeting is set up with all parties, including one of the babysitter's parents. This meeting allows the parties to get to know each other but also allows them to clarify expectations, wishes and arrangements.

Further information about our terms and conditions can be found on our website. As our resources are limited, we are only able to offer this platform in German. Furthermore, not all babysitters speak a foreign language. Thank you for understanding.

For further questions, please contact:
babysitter@srk.gr.ch

We will answer your enquiry as soon as possible.

Best regards
Red Cross Graubünden
